Paraffin

Chemical Peels

Improve your skin's appearance by removing superficial layers of skin while targeting damaged cells to treat many specific conditions. The strength of peel and type of acid used is chosen individually depending on the extent of the skin condition and the results desired.

Select/combine your desired peel type from the following categories:

- **Complexion Clearing Chemical Peel**
- **Anti-Aging Chemical Peel**
- **Pigment Removing Chemical Peel**

Choose the strength of peel you desire: This extremely light peel delivers immediate results without experiencing any downtime. Following this treatment you will notice a healthier, radiant complexion. Great to do the day before an event

Ultra-Light Chemical Peel

- **Face Full Treatment**
- **Face & Neck Full Treatment**
- **Face, Neck & Chest Full Treatment**
- **Hands Full Treatment**

This light peel provides immediate skin improvement, but best results are seen after a few days. The result is a healthier, radiant, youthful complexion with little to no downtime.

Light Chemical Peel

- **Face Full Treatment**
- **Face & Neck Full Treatment**
- **Face, Neck & Chest Full Treatment**
- **Hands Full Treatment**

Our medium peel renews the entire epidermis, rejuvenating as well as eliminating damaged skin. This process takes a under a week, and reveals new, fresh, healthy skin.

Medium Chemical Peel

- **Face Full Treatment**
- **Face & Neck Full Treatment**
- **Face, Neck & Chest Full Treatment**
- **Hands Full Treatment**

Deep peels target dysfunctional cells in the epidermis and superficial dermis. Collagen and elastin are regenerated resulting in firmer, younger appearing skin and reduction in wrinkles in about a week.

Deep Chemical Peel

- Face Full Treatment
- Face & Neck Full Treatment
- Face, Neck & Chest Full Treatment
- Hands Full Treatment

**Cost of the required post care products is included in the price.*

Due to the intensity of this peel this service is only offered to established patients who have had previous skin treatments.

Dye your new shape or add Bling for a more exciting and unique look.

Aesthetician Services

Sugaring

Sugaring prices may vary depending on the amount of hair growth.

This new very effective hair removal technique extracts hair in the direction it grows. This provides a much more comfortable experience than other hair removal methods. This approach removes more hair by the root, creating less chance for ingrown hairs. This is a great service for those with sensitive skin as this treatment is very gentle. Sugaring only adheres to dead skin cells and hair and is applied at room temperature. This leaves no damage to the skin surface or chance of burns. Results are temporary, lasting 3-8 weeks, but regrowth is usually finer and reduced, often with some being permanent loss over time.

Facial Hair Removal

- **Standard Brow Shaping**
- **Upper Lip or Chin**
